

ABOUT CARE

CARE stands for the **C**ollaborative **A**pproach for Asian Americans, Native Hawaiians, & Pacific Islanders in **R**esearch and **E**ducation.

Our goal is to address the gap and reduce disparities in research participation among Asian Americans, Native Hawaiians, and Pacific Islanders (AANHPIs).

In the CARE Ambassador Program, you will work to help advocate for more AANHPI in research. This is a volunteer opportunity to get involved in your community!

CARE Registry

AMBASSADORS

Roles/Responsibilities
